### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Claims 1, 6, 10 and 17 are allowable for essentially the same reasons as those of US Patent No. 6,745,879. Specifically, the use of a control system to energize an electromagnet to vary the operating pressure of a clutch within a chamber by manipulating a magnetorheological fluid is not shown or taught by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
